RESPONSE

Sir:

This communication is in response to the Office Action of May 23, 2005.

The Examiner provisionally rejected claims 16 to 33 and 36 to 42 under the judicially-created doctrine of obviousness-type double patenting as being unpatentable over claims 13, 16 to 23, 25 to 27, 33 to 37, 39 and 40 of copending Application No. 10/964,670.

While the rejection is a provisional one since the conflicting claims have not in fact been patented, applicants submit herewith a Terminal Disclaimer, signed by an attorney-of-record, disclaiming the term of the patent to be granted on that application which may extend beyond the term of any patent granted on Application No. 10/964,670. Authorization to charge the registration fee for the Terminal Disclaimer to our deposit account is enclosed.

Respectfully submitted,
